We also need some volunteers to assist with the campout. We are looking for **volunteers** for the following activities:

- Saturday evening activities
- Sunday morning meal
- Sunday morning hike

If each family chooses one activity, planning will be quick and easy.

Unsure if you have what it takes to plan? You do! For the meals, you need to plan the menu and help with preparation. The pack will supply all of the gear and do the shopping. The meal can be prepared over the fire, or on camp stoves, whichever you prefer.

For Saturday activities, we're looking for a couple of fun games and some campfire activities. These could include story-telling, singing (which would be awesome), skits, etc.

The pack has lots of resources to provide ideas for all of these items.

Just let Jonathan know you would like to help with planning by Oct. 19.
